ATS CONTINUING EDUCATION SEMINAR  
2023 Mixed-Topics - Live In-Person - Indianapolis,  
IN  
Tuesday, December 05, 2023  
Maggiano's Little Italy - The Fashion Mall at  
Keystone  
3350 E 86th St , Indianapolis, IN 46240

07:45 AM **Registration & Continental Breakfast**

08:00 AM **Revolution in Solutions for Concrete Cure, Finish, Flatness and Moisture Control**

This program explores the many uses of integrally troweled cure products to solve practical and common problems frequently occurring in buildings, roads and specialized industrial and municipal complexes. Such as moisture damage to floor coverings, control joint curling, delamination and abrasion resistance.

10:00 AM **Break**

10:10 AM **How It's Made: Today's PVC**

PVC products have been around for 100 years. They're common in the construction industry because of their durability and long life. But old PVC manufacturing practices still cause concern for some of today's specifiers. This course will address those concerns head-on. We'll talk about today's manufacturing processes and how recycling is transforming the industry. You'll see how PVC resin becomes a strong and beautiful product using the example of vinyl fencing. With the understanding of today's regulations, collaboration, and green-building practices, you'll have the confidence to specify today's PVC products.
