09:05 AM [Review of Session Code Process](#)

09:10 AM **Sustainable Exterior Envelope**

This course focuses on the effect biological and physical agents have on the wood substrate of the exterior building envelope. After reviewing these agents, you will learn how proper installation and best building practices can limit the exposure these agents can pose to your project. Durable wood substrates will also be discussed with a comparison of popular man-made durability agents used to further protect the exterior envelope.

10:30 AM **Luxury Landscape Design - Creating Outdoor Spaces with Smart Pergolas**

This course will discuss why outdoor living is in with additional images and explains how you can design a healthy and comfortable outdoor contemporary space. The goal is to explain how you can create unity outdoors and how to bring the indoors, outdoors. Also, the course explains how you can make sure you can spend time outdoors all year around, no matter the weather conditions

Renson Inc Provider #: 40108139  
AIA #: REN\_OUTDOOR\_21 HSW | GBCI (USGBC/CAGBC) #:

11:30 AM **Integrated Fire and Smoke Door Systems: Specifying Your Own Safety Net**

In this course we will discuss integrated doors systems, sustainability, compliance, and code. We will understand the importance of smoke and fire protection in various applications and vertical markets and how with the proper protection from integrated door systems, you can save lives. We will present benefits of the integrated door system for fire and smoke. As a learner, you will have the opportunity to see real life examples and apply those to current buildings. You will see how and when to use these systems and the simplicity there is when so much weight is on your shoulders.
